Twin Flames

Four-time Canadian Folk Music Award winners, 2022 Vocal Group of the Year, Twin Flames, offer a memorable experience with the perfect blend of music, comedy and thought-provoking stories. Their synchronicity and love shine through on every stage they play. A husband-and-wife duo that combines genres, languages and instrumental range to deliver a powerful sound that is both contemplative Folk and unapologetic Rock 'n' Roll. Twin Flames have chosen to let their music speak for itself. In just 9 years of recording and performing as Twin Flames, the duo has accumulated over 44 music awards and nominations. Their songs have earned them a unique place among contemporary music-makers and songwriters, which has, in turn, led to them touring all over the world. Together, they create sonic soundscapes using Indigenous spirit flutes, traditional drums, and Western instruments. They share a genuine love for song writing, which stands out lyrically and melodically for the world to hear. Jaaji (Inuk from Nunavik and Mohawk from Kahnawake) and Chelsey June from Ottawa, with both (Settler and Indigenous heritage), write songs delivered through a mix of English, French and Inuktitut.

Elton Rohn: North America's Premier Tribute to Elton John

Date and Time: Friday, April 25 7:30 pm

Address: 295 Muskoka Rd S Gravenhurst, ON P1P 1J1

Elton Rohn is thrilling audiences everywhere. Hailing from Toronto, Canada they have headlined over 350 theatres and festival shows in North America. All the way from Las Vegas to Atlantic City, California, Chicago, Philadelphia, New York, Myrtle Beach, Pennsylvania, across Michigan and upstate New York and all across Canada. They were the only Elton John tribute asked to play the Elton John convention in Las Vegas where they met the band. Davey Johnstone (Elton's long time guitarist and musical director) told the band they were the best 70's Elton John tribute in the world. Nigel Olsson (Elton's long time drummer) said "Elton has a twin".

Audiences are amazed at just how close this show sounds to the real Elton John. As Elton, Ron Camilleri has the vocal, the piano, the look and the feel of the real Elton John performance. You'll feel like you are watching the real Elton John. The passion, energy and those incredible vocals are there. Plus the harmonies. Performed live (no tracks), the band is the closest you'll get to the real 70's Elton sound. Even Davey Johnstone thinks so. The band is a regular best in show at festivals and they've sold out theatres in major cities.

An Elton Rohn show is just like seeing another Elton John. The music is played 100% live. The musicianship is on an elite level. One trip to the band's website and you'll see hundreds of testimonials stating just how great this show is. This is a show not to be missed. The very best of Elton John.
